

Seasonal Package: Halloween

Connecting with shoppers on their shopping journey is always the goal for brands, but it can be hard to cut through the noise during holidays, even for Halloween.

This package allows you to reach individuals who are seasonal holiday shoppers, candy consumers, and all the consumers dressed as ghosts and goblins.

Combining context and intent.

Commerce Grid supply packages marry premium inventory with audiences based on past shopping data, recent search queries, and content consumption.

Powered by trillions of observed online commerce events, Criteo's proprietary Commerce Affinity Audiences index users most likely to make a purchase in a specific category, ensuring you can reach the right user in the right place.

Criteo Search Intent Audiences add an additional layer of purchase intent by finding users who have recently searched specific terms, making them targetable across the open web.
